

## Manufacturing Capabilities

Manufacturing Capabilities	
<b>Services</b>	Custom
	Custom Packaging Tooling
	Design
	Offshore
<b>Product Capabilities</b>	Heavy Products
	Large Parts
<b>Mold Fabrication</b>	Cap
	Drill
	Screen
<b>Mold Process Type</b>	Heavy Wall
	Single Mold Process
<b>Curing</b>	Oven
<b>Slurries</b>	Increased Strength
	More Cushioning
	Water Holdout
<b>Material</b>	DLK Cuttings
	Fiber
	Kraft Paper
	OCC
	Pre- & Post-Consumer Newsprint
	Pulp
	Waste Paper
<b>Binder</b>	Natural Wax
<b>Length</b>	6 to 72 Inch
<b>Width</b>	6 to 52 Inch
<b>Height</b>	Up to 12 Inch
<b>Nominal Thickness</b>	0.25 Inch
<b>Tolerance (+/-)</b>	2 %
<b>Samples</b>	Fit Check with Product
<b>Testing</b>	Jig
	Weight

## Additional Services

Additional Services	
<b>Services</b>	CAD Design
	Engineering
	Finite Element Analysis (FEA)
	Maintenance
	Mold Making
	Product Development
	Prototype
	Tooling
<b>Production Volume</b>	40,000 units and above (annually)
<b>Lead Times</b>	Design: 1 week
	Production: 3 to 4 weeks
	Prototype: 3 to 4 weeks
	Quoting: 2 to 3 days
Additional Information	
<b>Industry Focus</b>	Automotive
	Packaging
	Photo / Film
	Retail
<b>Intended Application</b>	Blocking
	Bracing
	Containers
	Corner Guards
	Cushions
	Custom Pallets
	End-Caps
	Pads
	Trays
<b>Industry Standards</b>	ISO 9002 Quality Program Compliant
	UPS & ISTA Drop Test Compliant
<b>Efficiency</b>	Lean Manufacturing
<b>File Formats</b>	SolidWorks
